WHOLESALE PRICE LIST

WE ARE NOW IN OUR 27th YEAR OF CONTINUOUS OPERATION AND SERVICE TO THE TRADE. THIS HAS BEEN POSSIBLE ONLY THROUGH YOUR APPRECIATION OF OUR EFFORTS TO SUPPLY YOU WITH THE QUALITY BULBS AND SERVICE YOU DESIRE.

OUR APPRECIATION TO OUR MANY FRIENDS AND CUSTOMERS CAN ONLY BE EXPRESSED BY OUR DETERMINATION TO SUPPLY ONLY THE FINEST BULBS AVAILABLE, TO GIVE ALL ORDERS, SMALL OR LARGE, OUR PERSONAL ATTENTION AND TO SEE THAT PROMPTNESS & EFFICIENCY IS OBSERVED ON ALL SHIPMENTS.

MAY WE ADD THAT WE ABSOLUTELY DO NOT COMPETE WITH OUR CUSTOMERS IN ANY RETAIL FORM WHATSOEVER — MAIL ORDER, MAGAZINE OR NEWSPAPER ADVERTISING. WE ARE WHOLESALE ONLY.

WE HOPE THE FOLLOWING PAGES WILL BE YOUR GUIDE WHEN ORDERING. WE ARE IN BUSINESS TO SERVE YOU.

TERMS OF SALE

250 Bulbs at the 1000 price. 25 Bulbs at the 100 price.

All prices are F.O.B. Seattle, Washington.

Prices subject to change without notice.

Orders accepted subject to prior sales, change, or cancellation in case of loss or crop failure due to frost, fire, flood, or any other contingency beyond our control.

Established accounts: 30 days net, 10 days less 2%.

New accounts: cash with order or satisfactory credit reference.

Olaf Monrad Bulb Co., Inc., gives no warranty, expressed or implied, as to description, quality, productiveness, or any other matter of any seeds, bulbs, or plants they send out; they will in no way be responsible for the crop.

FERTIL-POINTS

The STREAMLINED Plant Food...

Beautiful Flowers

Beautiful flowers result from a combination of circumstances. One of the most important yet most frequently neglected factors is soil fertility. Prevent starvation and resulting disappointment with Fertil-Points.

POTTED PLANTS — Because of their very limited supply of soil, plants grown in pots need Fertil-Points frequently. (See drawing comparing outdoor and potted plants.) Two tablets pushed into the soil every two weeks do the job safely and thoroughly. Watch the difference!

WINDOW BOXES — Two Fertil-Points gently inserted into the soil every six inches along the edge of the box every two weeks provide ample plant food.

FERNS, IVY, ETC. — Just one Fertil-Point tablet supplied every week will bring new life and beauty to your foliage plants. Lush, healthy new growth will be your reward for this small attention.

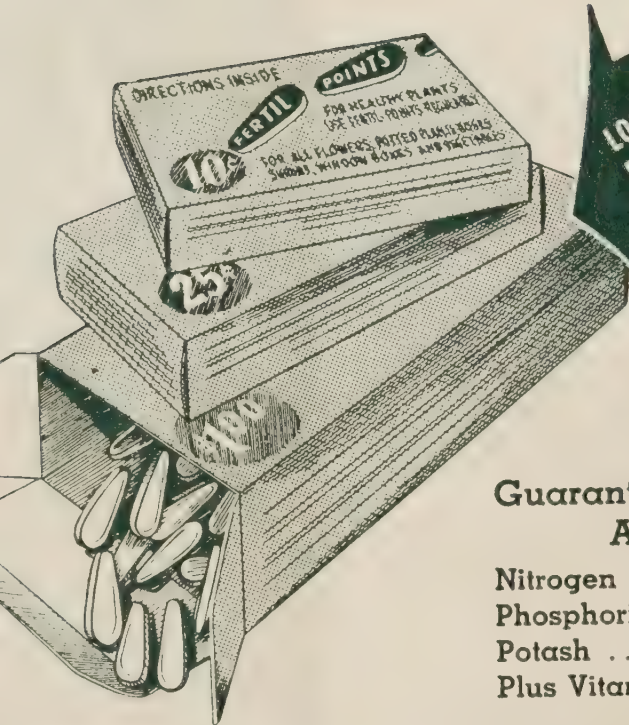

GARDEN PLANTS — No easier or more effective way of providing vital plant nourishment exists than to push a Fertil-Point tablet into the ground near your prize plants right out in your garden.

FERTIL-POINTS ARE BETTER — Their streamlined shape, tapered to a point at one end, blunt at the other, makes Fertil-Points easy to insert into the soil right where they are needed. No waste fertilizer; no messiness. Fertil-Points are safe. They will not burn your plants. They dissolve gradually, providing a steady supply of plant food.

COTTAGE TULIP
Rosabella

See reverse side for planting instructions.

Giant Cottage Tulips

The Cottage Tulips bloom in early May. The flowers are mostly long and oval, many of them with the petals gracefully reflexed. They are best of all Tulips for cutting and should be planted outdoors.

Outdoor Culture—

Plant during the months of September to November, in well prepared soil, 6 inches apart and 5 inches deep. After blooming, allow the tops to die down; the bulbs can be lifted in June and stored in a cool well ventilated room until the following Fall when they can be planted again. Bulbs can be left in the ground two years but the flowers will not be as uniform the second year.

Indoor Culture—

Plant 4 to 5 bulbs, 3 inches deep, in a 5-inch flower pot. Water well and place in a dark cool cellar or an outdoor pit, which is well drained. If left outdoors, cover the pots with 3 or 4 inches of sand or light dirt. Leave them there for 8 to 10 weeks, then bring them into a warm room, but keep them in the dark (cover with a paper bag) until the foliage is several inches high. Then place them in a sunny window and water freely. They will bloom in 4 to 6 weeks.
